BHOOPENDRA KUMAR

Computer Science and Information Security
Malviya National Institute Of Technology, Jaipur

+91-7523887602
bhoop7523@gmail.com
bhooopendra-kumar-15532415a

Education

- **Malaviya National Institute of Technology, Jaipur** *2024*
  Mtech in Computer Science and Information Security CGPA: 7.17
- **Veer Bahadur Singh Purvanchal University Jaunpur** *2019*
  Btech in Computer Science and Engineering Percentage: 62.20
- **Jawahar Navodaya Vidyalaya Unnao** *2014*
  Intermediate Percentage: 76.20
- **Jawahar Navodaya Vidyalaya Unnao** *2012*
  Matriculation CGPA: 9

Experience

- **GlobalLogic Gurugram** *July 2021 - July 2022*
  Associate Analyst Gurugram
  – Project: Google Merlot

- **PSIT Kanpur** *July 24-September 25*
  Assitant Professor Kanpur
  – Worked in Computer Science Department

- **SRM University Haryana** *September 25- Current*
  Assitant Professor Haryana, India
  – Working in Computer Science Department

Project & Thesis

- **Image encryption Scheme using Chaotic Maps** *2024*
  Creating confusion and Diffusion of Image matrix to encrypt it
  – Tools & technologies used: Python Libraries
  – Creating matrix of Image pixel and then process it for Confusion and Diffusion

RESEARCH

Journals

– Noise Analysis in Quantum Neural Network in *Quantum Information Processing.* [Under Review]

Conferences

– VAE-TF: A Variational Autoencoder Framework for Financial Fraud Detection published in *2025 International Conference on Electronics, AI and Computing (EAIC)*
DOI: 10.1109/EAIC66483.2025.11101301

– Post-Quantum Secure MPC Framework for Confidential Neural Network Inference [Accepted]

Technical Skills and Interests

Languages: C/C++, Python

Development: HTML, CSS

Areas of Interest: Artificiaal Intelligence and Information Security

Domain knowledge: Operating System, Computer Network, Data Structure and Database Management System
